¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

2019 Corporate Governance Statement

CORPORATE GOVERNANCE STATEMENT 2019

This Corporate Governance Statement is current as at 17 September 2019 and was reviewed and approved by the Board of Directors on that date.

Kingsrose Mining Limited (**Kingsrose** or the **Company**) has established a corporate governance framework, the key features of which are set out in this statement. The Company's corporate governance practices reflect the commitment by the Board of Directors to implementing the highest standards of ethics, integrity, legal and statutory compliance. In establishing the corporate governance framework of the Company, the Board has adopted practices that are consistent with the ASX Corporate Governance Council's Principles and Recommendations (4th Edition February 2019). The Company has followed each recommendation where the Board has considered the recommendation to be an appropriate benchmark for its corporate governance practices. Where the Company has departed from any recommendations provided by the ASX Corporate Governance Council an explanation has been provided.

- (b) those matters expressly reserved to the board and those delegated to management.**

The Board is responsible for the overall performance and success of the Company and takes responsibility for setting its strategic direction, overseeing management of the Company, monitoring financial performance, reviewing and monitoring systems of risk management and internal control, overseeing the corporate governance framework of the Company and monitoring the implementation of the Company's code of conduct, policies and charters that reflect the values of the Company and guide the conduct of its Directors and employees.

The Managing Director (MD), or equivalent, supported by the executives of the Company, is responsible for managing the day to day activities of the Company and in addition is responsible for advancing the strategic direction of the Company as set and monitored by the Board.

The Company's Board Charter sets out the specific responsibilities of the Board, and those matters delegated to Senior Management.

A copy of the Board Charter is located at: <http://www.kingsrosemining.com.au/corporate-governance/>

Recommendation 1.2

A listed entity should:

- (a) undertake appropriate checks before appointing a director or senior executive, or putting someone forward for election as a director; and**
- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.**

When considering Board appointments, the Company ensures that appropriate checks are undertaken to verify the candidate's character, experience, education, criminal record and bankruptcy history.

A profile of each Director is included in every Annual Report and the Company ensures that all material information in its possession relevant to a Shareholder's decision on whether to elect or re-elect a Director is provided to Shareholders in the relevant notice of meeting.

Recommendation 1.3

A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

The Company has in place a written agreement with each Non-Executive Director which outlines the terms of their appointment, the Company's expectations in relation to the Director's duties and responsibilities, time commitment and compliance with Company policies, procedures and regulatory requirements. In addition, the agreement sets out the indemnity and insurance arrangements that the Company has in place and the Company's policy on Directors access to information and seeking external independent professional advice. This Equal Opportunity Employment & Diversity Policy does not set measurable objectives specifically to achieve gender diversity.

- (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.**

The Company has a Process for Performance Evaluation which details the performance review process of the Board, Committees, individual Directors and Senior Executives.

The Chairman is responsible for evaluation of the Board and its members, as well as the various committees where applicable. Generally, a formal performance evaluation is undertaken on an annual basis.

During the 2019 financial year, the Board carried out a restructure, and as such, a formal evaluation of board performance was not conducted during this financial year.

executives. Formal performance evaluations will be undertaken in the coming year following a full year of employment of the current senior executives of the Company.

PRINCIPLE 2: STRUCTURE THE BOARD TO BE EFFECTIVE AND ADD VALUE

The board of a listed entity should be of an appropriate size and collectively have the skills, commitment and knowledge of the entity and the industry in which it operates, to enable it to discharge its duties effectively and to add value.

Recommendation 2.1

The board of a listed entity should:

- (a) have a nomination committee which:
 - (i) has at least three members, a majority of whom are independent directors; and
 - (ii) is chaired by an independent director, and disclose:
 - (iii) the charter of the committee;
 - (iv) the members of the committee; and
 - (v) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendance of the members at those meetings; or
- (b) if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.

Given the size and scale of the Company's operations, the full Board undertakes the role of the Nomination Committee. The Board considers that the formation of a separate Nomination Committee would not provide any additional benefits.

The Board as a whole (with abstentions from relevant Directors where there is a conflict of interest) carries out the role and has the responsibilities typically assumed by a Nomination Committee. These responsibilities include, but are not limited to, regularly reviewing the size and composition of the Board and consideration of any appropriate changes, identifying and assessing the necessary and desirable skills and competency levels of Directors with a view to enhancing the Board, and making recommendations on the appointment, re-appointment or removal of Directors if and when necessary.

The Board as a whole reviews the Company's succession plans to assist in maintaining the appropriate mix of skills, experience, expertise and diversity on the Board.

The Board ensures there are plans in place to manage the succession of the CEO and other senior executives.

The Board may, when it considers it necessary or appropriate, seek advice from external consultants or specialists.

Recommendation 2.2

A listed entity should have and disclose a board skills matrix setting out the mix of skills that the board currently has or is looking to achieve in its membership.

The Board recognises the need for Directors to have a relevant blend of skills and personal experience across a range of disciplines to properly manage and oversee the Company's operations. As part of a Board review process undertaken during the 2019 financial year, the Board discussed its composition and what mix of skills, knowledge and experience was necessary to direct the Company and allow the Board to operate effectively and efficiently. Whilst it was acknowledged that each Director brings a unique and varied skillset covering relevant aspects of the desired mix of skills and diversity required in the composition of the Board, it was agreed that as part of the ongoing Board renewal process the addition of a Non-Executive Director with technical expertise specifically relating to mining would be beneficial. The Board is currently looking to recruit an additional Non-Executive Director, with technical skills from a background of operational management.

The mix of skills, experience and expertise the Board has identified as critical and would seek to recruit, retain and ultimately build upon include:

Areas of Competency and Skills of Kingsrose Mining Directors

Resources Industry Experience	Operational Management
Corporate Strategy and Planning Skills	Technical understanding across all mining disciplines
Safety, Environment, Community and Stakeholder Engagement	Governance and Compliance
Financial and Risk Management	Global Capital Markets Management

A profile of each Director setting out their experience, expertise and period of office is set out in the Directors' Report in the 2019 Annual Report and on the Company's website.

Any additional Board appointment made in the future will be undertaken with due consideration given to the balance and mix of skills on the Board and in accordance with the Company's Policy and Procedure for Selection and (Re) Appointment of Directors. A copy of this Policy is located at:

<http://www.kingsrosemining.com.au/corporate-governance/>

Recommendation 2.3

A listed entity should disclose:

- the names of the directors considered by the board to be independent directors;**
- if a director has an interest, position, association or relationship of the type described in Box 2.3 but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and**
- the length of service of each director.**

At the date of this report, two of the four Directors are independent namely Mr Carlile and Mr Mills. The composition of the Board, each member's length of service and their status is outlined in the Directors' Report of the 2019 Annual Report.

The Board recognises the importance of the Non-Executive Director and the role they play in exercising independent judgement and oversight of the Company's activities and the importance of ensuring that Non-Executive Directors are free from interests and relationships that could or could reasonably be perceived to materially interfere with the Director's ability to exercise independent judgment and act in the Company's best interests.

The Board annually assesses the independence of Directors taking into consideration the criteria of the type described in Box 2.3 of the ASX Corporate Governance Council's Principles and Recommendations (4th Edition). This assessment may occur more than once each year if there is change in circumstances that may impact upon the independence of a Non-Executive Director. Individual Directors must not participate in assessing their own independence and must provide to the Board all information relevant to the assessment.

A copy of the Company's Policy on Assessing the Independence of Directors is located at:

http://www.kingsrosemining.com.au/images/corporate_governance/Policy-on-assessing-independence.pdf

Recommendation 2.4

A majority of the board of a listed entity should be independent directors.

At the date of this report, two of the four Directors are independent namely Mr Carlile and Mr Mills.

The Board is of the view that the Company is not of sufficient size or scale to warrant the inclusion of additional independent Non-Executive Directors in order to comply with this recommendation. The Board considers that each of the current Directors possess the necessary skills and experience suitable and that the current composition of the Board is adequate for the

Company's current size and scale of operations. The directors are aware of their duty to act in the best interest of the entity as a whole and the Board decision making reflects this.

The Board is in the process of reviewing its structure and composition and is considering the appointment of an additional independent Director when the right candidate is identified.

Recommendation 2.5

The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.

The Board recognises that having an independent Chair can contribute to a culture of openness and constructive challenge that allows for a diversity of views to be considered by the Board.

At the date of this report, the interim Chairman, Dr Michael Andrews is a Non-Executive Director but is a substantial shareholder. This appointment is interim due to the ongoing restructure of the Board that began in this financial year. The Board are aware and ensure that if there is a discussion that arises where the Chairman may be conflicted, another member of the Board will step in to take his place. The appointment is an interim one and with continual review and renewal of the Board composition an alternate Chairman will be appointed in due course.

The roles of the Chairman and Chief Executive Officer are carried out by different persons.

Recommendation 2.6

A listed entity should have a program for inducting new directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively.

All new Directors are provided with an induction facilitated by the Company Secretary including comprehensive meetings with the Chief Executive Officer and Chairman, Senior Executives and management, and provision of an information pack including the organisational structure, the Constitution, and Company and Board policies and charters. In addition, all new Directors are required to undertake a site visit either prior to their appointment, or as soon as practicable after their appointment to further assist their understanding of the Company and its operations.

All Directors are expected to maintain the skills required to effectively discharge their obligations to the Company. Directors are encouraged to undertake continuing professional education and, subject to approval, the Company will pay reasonable expenses in relation to relevant industry seminars and education courses.

PRINCIPLE 3: INSTIL A CULTURE OF ACTING LAWFULLY, ETHICALLY AND RESPONSIBLY

A listed entity should instil and continually reinforce a culture across the organisation of acting lawfully, ethically and responsibly.

Recommendation 3.1

A listed entity should articulate and disclose its values.

The Company has a Board approved Code of Conduct identifying its values and expected behaviours and charges the senior executive team with the responsibility of instilling those values and behaviours across the Company.

The Company has not developed a separate 'values' statement and relies on the Code of Conduct to provide the guiding principles and expected norms of the Company. The Board believes this to be adequate for the Company's current size and scale of operations.

Recommendation 3.2

A listed entity should disclose:

- (a) have and disclose a code of conduct for its directors, senior executives and employees; and**
- (b) ensure that the Board or a committee of that Board is informed of any material breaches of that code.**

The Company has established a Code of Conduct as a framework for decisions and actions promoting ethical and responsible decision making and conduct during employment. It underpins the Company's commitment to integrity and fair dealing in its business affairs and its duty of care to all its employees, clients and stakeholders. It sets out the principles and standards expected of anyone working for or engaged by the Company. All employees are given a copy of the Code of Conduct and are required to sign an acknowledgement of commitment and adherence to the Code of Conduct when they commence work with the Company.

A copy of the Company's Code of Conduct is located at:

<http://www.kingsrosemining.com.au/corporate-governance/>

Recommendation 3.3

A listed entity should:

- (c) have and disclose a whistleblower policy; and**
- (d) ensure that the Board or a committee of the Board is informed of any material incidents reported under that policy.**

The Company has established a Whistleblower Policy underpinning the Company's commitment to integrity and fair dealing in its business affairs and its duty of care to all its employees, clients and stakeholders. This policy has recently been approved and was not in place at 30 June 2019. Although no formal policy was in place in FY2019 provisions were outlined in the Code of Conduct encouraging employees to report matters of concern in good faith with their supervisor or the Company Secretary without fear of retribution.

A copy of the Company's Whistleblower Policy and Code of Conduct is located at:

<http://www.kingsrosemining.com.au/corporate-governance/>

Recommendation 3.4

A listed entity should:

- (e) have and disclose an anti-bribery and corruption policy; and**
- (f) ensure that the Board or a committee of the Board is informed of any material breaches of that policy.**

The Company has established a Compliance Guide (Anti-Bribery and Corruption) which provides clear definitions and guidelines for its directors, management, employees and associates to follow. It sets out the principles and standards expected of anyone working for or engaged by the Company. The Guide highlights the serious criminal and civil penalties that may be incurred. This guide has recently been approved and was not in place at 30 June 2019. Although no formal policy was in place in FY2019 provisions were outlined in the Code of Conduct concerning Compliance with Laws with specific note of payments or benefits to a foreign public official.

A copy of the Compliance Guide and Code of Conduct is located at:

<http://www.kingsrosemining.com.au/corporate-governance/>

A listed entity should have appropriate processes to verify the integrity of its corporate reports.

Recommendation 4.1

The board of a listed entity should:

- (a) have an audit committee which:
 - (i) has at least three members, all of whom are non-executive directors and a majority of whom are independent directors; and
 - (ii) is chaired by an independent director, who is not the chair of the board, and disclose:
 - (iii) the charter of the committee;
 - (iv) the relevant qualifications and experience of the members of the committee; and
 - (v) in relation to each reporting period, the number of times the committee met through the period and the individual attendances of the members at those meetings; or
- (b) if it does not have an audit committee, disclose that fact and the processes it employs that independently verify and safeguard the integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.

Given the size and scale of the Company's operations, the full Board undertakes the role of the Audit Committee. The Board considers that establishing a separate Audit Committee would not provide any additional benefits. The ultimate responsibility for the Company's financial statements rests with the full Board.

The procedures detailed in the Audit Committee Charter continue to be relevant and outlines the process employed by the Board of Directors to independently verify and safeguard the integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.

A copy of the Audit Committee's charter is located at:

<http://www.kingsrosemining.com.au/corporate-governance/>

Recommendation 4.2

The board of a listed entity should, before it approves the entity's financial statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

The Chief Executive Officer and Chief Financial Officer have provided the Board with a declaration in accordance with Section 295A of the *Corporations Act 2001 (Cth)* that, in their opinion, the financial records of the Company for 2019 have been properly maintained in accordance with the Act and the financial statements and the notes for the financial year comply with the accounting standards and give a true and fair view of the financial position and performance of the Company. The Chief Executive Officer and Chief Financial Officer further declare, their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

Recommendation 4.3

A listed entity should disclose its process to verify the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor.

When preparing reports for release to the market including the quarterly activity and cash flow reports these reports are prepared and reviewed by the Chief Executive Officer and Chief Financial Officer before being presented to the Board for review and approval. Such reports are not released to market without this review and approval process by executive management and the Board.

PRINCIPLE 5: MAKE TIMELY AND BALANCED DISCLOSURE

A listed entity should make timely and balanced disclosure of all matters concerning it that a reasonable person would expect to have a material effect on the price or value of its securities.

Recommendation 5.1

A listed entity should have and disclose a written policy for complying with its continuous disclosure obligations under Listing Rule 3.1.

The Company has a Policy on Continuous Disclosure designed to comply with its disclosure obligations under the *Corporations Act 2001 (Cth)* and ASX Listing Rules and to promote investor confidence in the Company. The Board has appointed the Company Secretary as the person responsible for communicating with ASX and overseeing and coordinating the timely disclosure of information to ASX, subject to prior review and approval of all announcements by the Directors. The Company Secretary ensures any substantive presentations are released to the ASX Market Announcements Platform in line with Listing Rule 3.1.

PRINCIPLE 6: RESPECT THE RIGHTS OF SECURITY HOLDERS

A listed entity should provide its security holders with appropriate information and facilities to allow them to exercise their rights as security holders effectively.

Recommendation 6.1

A listed entity should provide information about itself and its governance to investors via its website.

The Company's website www.kingsrosemining.com.au provides information on its Board and Management, its projects, operations, strategic objectives, community involvement and links to all material periodically released to ASX.

The website also includes an option for Shareholders to register for inclusion in the distribution of email updates from the Company including but not limited to, ASX Announcements, Investor Presentations, Financial Statements and any other information deemed relevant.

The Company has a proactive approach to clearly and consistently communicating the Company's activities and objectives to Shareholders, the media and the wider investment community and actively encourages ongoing Shareholder engagement and feedback.

With the scale of the entity the approach to investor relations is based on actively engaging with security holders at the AGM, meeting with them and investor groups upon request and as a response to questions. Scheduled presentations have been made in the 2019 year with retail investors and follow up ad hoc communications have been maintained.

The Company's Shareholder Communication Policy is located at:

<http://www.kingsrosemining.com.au/corporate-governance/>

Recommendation 6.3

A listed entity should disclose how it facilitates and encourages participation at meetings of security holders.

The Company encourages the attendance of Shareholders at Shareholders' meetings and a designated time is set aside for a question and answer session once the formal business of the meeting has been concluded.

Shareholders can register with the Share Registry to receive all communication via electronic means, including the Annual Report and Notices of Meetings and can also register to access their personal information and details of their shareholdings via the internet.

PRINCIPLE 7: RECOGNISE AND MANAGE RISK

A listed entity should establish a sound risk management framework and periodically review the effectiveness of that framework.

Recommendation 7.1

The board of a listed entity should:

- (a) have a committee or committees to oversee risk, each of which:
 - (i) has at least three members, a majority of whom are independent directors; and
 - (ii) is chaired by an independent director, and disclose
 - (iii) the charter of the committee;
 - (iv) the members of the committee; and
 - (v) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or
- (b) if it does not have a risk committee or committees that satisfy (a) above, disclose the fact and the processes it employs for overseeing the entity's risk management framework.

Given the size and scale of the Company's operations, the Board has not established a separate Risk Committee, instead, the Board assumes responsibility for the oversight and management of material business risks with management tasked with the responsibility for developing and maintaining a sound system of risk management and internal control to manage the Company's material business risks on a day-to-day basis.

Recommendation 7.2

The board or a committee of the board should:

- (a) review the entity's risk management framework at least annually to satisfy itself that it continues to be sound and that the entity is operating with due regard to the risk appetite set by the board; and
- (b) disclose, in relation to each reporting period, whether such a review has taken place.

The Company operates under a Risk Management Framework which provides the process for risk management and internal control systems and applies to the management of all types of risk, financial and non-financial throughout the business. A copy of the Company's Risk Management Policy is located at:

<http://www.kingsrosemining.com.au/corporate-governance/>

The Risk Management Framework requires the undertaking of an annual review of the Company's policies on risk oversight and management to satisfy itself that management has developed and implemented a sound system of risk management and internal control. An annual review was undertaken by the Board for the 2019 financial year.

Recommendation 7.3

A listed entity should disclose:

- (a) if it has an internal audit function, how the function is structured and what role it performs; or**
- (b) if it does not have an internal audit function, the fact and the processes it employs for evaluating and continually improving the effectiveness of its governance, risk management and internal control processes.**

The Company does not currently have a formal internal audit function; however, the Board oversees the effectiveness of risk management and internal control processes.

Management is charged with resourcing, operating and monitoring the system of internal control, incorporating risk responses in the form of controls into its management systems, and reporting results of the effectiveness of these systems to the Board.

Although no system of internal control can provide absolute assurance that the business risks will be fully mitigated, the internal control systems adopted by the Company have been designed to meet the Company's specific needs and the risks to which it is exposed. Internal control measures currently adopted by the Board include:

- monthly reporting to the Board in respect of operational and financial performance;
- authority limits established for management which must not be exceeded unless prior Board approval is obtained;
- a compliance procedure for the purpose of ensuring compliance with the Company's continuous disclosure obligations; and
- regular reports to the Board by appropriate members of the management team and/or independent advisers, outlining the nature of particular risks and highlighting measures which are either in place or can be adopted to manage or mitigate those risks.

Recommendation 7.4

A listed entity should disclose whether it has any material exposure to environmental or social risks and, if it does, how it manages or intends to manage those risks.

The Company, as a gold and silver exploration and production company, faces inherent risks in its activities, including economic, environmental and social sustainability risks, which may materially impact the Company's ability to create or preserve value for its Shareholders.

To manage and mitigate these inherent risks, the Company has in place a suite of policies and procedures to ensure the Company operates within a robust risk management framework and to ensure sustainable and responsible business practices are ongoing.

The Company's exposure to material environmental or social risks are discussed in the Operations Review, Directors' Report and the financial statements all contained in the 2019 Annual Report.

PRINCIPLE 8: REMUNERATE FAIRLY AND RESPONSIBLY

A listed entity should pay director remuneration sufficient to attract and retain high quality directors and design its executive remuneration to attract, retain and motivate high quality senior executives and to align their interests with the creation of value for security holders and with the entity's values and risk appetite.

Recommendation 8.1

The board of a listed entity should:

- (a) have a remuneration committee which:**
 - (i) has at least three members, a majority of whom are independent directors; and**
 - (ii) is chaired by an independent director,**
- and disclose:**

- (iii) the charter of the committee;
 - (iv) the members of the committee; and
 - (v) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or
- (b) if it does not have a remuneration committee, disclose that fact and the processes it employs for setting the level and composition of remuneration for directors and senior executives and ensuring that such remuneration is appropriate and not excessive.

Given the size and scale of the Company's operations, the full Board undertakes the role of the Remuneration Committee. The Board considers establishing a separate Remuneration Committee would not provide any additional benefits.

It was deemed appropriate for remuneration matters to be discussed during meetings of the full board, with Directors excluded from individual discussions as required. The Board will continue to assess the Company's circumstances and establish a Remuneration Committee when deemed appropriate.

The procedures detailed in the Remuneration Committee Charter continue to be relevant and outlines the process employed by the Board of Directors for determining the structure of remuneration for Directors and senior executives. No individual director or senior executive is involved in deciding his or her own remuneration.

A copy of the Remuneration Committee's charter is located at:

<http://www.kingsrosemining.com.au/corporate-governance/>

Recommendation 8.2

A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.

In accordance with good corporate governance practice, the structure of Non-Executive Director and Executive remuneration is separate and distinct.

Non-executive Directors are remunerated on a fixed fee basis for their time, commitment and responsibilities as part of an aggregate fee pool approved by Shareholders. Fees paid to Non-Executive Directors cover all activities associated with their role on the Board and any sub-committees. Remuneration for Non-Executive Directors is not linked to the performance of the Company.

Remuneration for Executive Directors and Senior Executives consists of fixed annual remuneration (base pay, superannuation and other non-cash benefits) and variable 'at risk' components (i.e. short-term and long-term incentives). Further details regarding the Company's remuneration policies and practices is contained in the Remuneration Report in the 2019 Annual Report.

Recommendation 8.3

A listed entity which has an equity – based remuneration scheme should:

- (a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and
- (b) disclose that policy or a summary of it.

The Company has an equity-based remuneration scheme. The Company's Securities Trading Policy prohibits key management personnel from entering into transactions or arrangements which limit the economic risk of participating in unvested entitlements under any equity-based remuneration scheme.
